## Music rehearsal spaces – 2+2 years (ARP)

Kultur Räume Berlin allocates subsidised workspaces for the Berlin music scene within the framework of the Arbeitsraumprogramm (ARP) and in cooperation with BIM Berliner Immobilienmanagement GmbH. The Arbeitsraumprogramm is a funding instrument for the provision and securing of artistic workspaces in Berlin.

At Frank-Zappa-Str. 16 we offer both subsidised music rehearsal spaces (rent: 5 €/m<sup>2</sup>) in the Arbeitsraumprogramm (ARP) and workspaces for music professionals (rent: 13 €/m<sup>2</sup>). You also have the possibility to participate in both calls for applications. Please submit separate applications.

**Applications are open to professional freelance musicians, groups or ensembles and composers of all styles of music.**

### Requirements

- Artistic professionalism is a basic requirement and must be demonstrated by proof of artistic formation or practical experience (CV).
- Applicants must prove their primary residence in Berlin. In the case of groups or ensembles, the majority must reside in Berlin.
- Groups or ensembles must have been in existence for at least one year and must have given their first public performances.
- The repertoire must consist mainly of own compositions and/or newly arranged material (except for the field of „Early Music“).
- Students or performers still in formation will not be considered.

## Cellars

In addition, Frank-Zappa-Str. 16 provides cellars which can be rented to use as storage rooms in addition to the rehearsal spaces. Please indicate whether you are interested in renting a cellar in your application (rental price for cellar space: 5.00 €/m<sup>2</sup>).

## Furnishings and facilities

- Double-glass windows in every space, natural light
- Height: 2.6 m; door width: 85 cm or 98 cm
- Floor covering: screed / epoxy resin, light gray
- Walls: painted white
- Lighting is available
- Electricity/sockets: 6 sockets available, in the larger rehearsal spaces partly 8 sockets and high voltage current.
- Kitchenette on each floor and shared restrooms.
- The building is accessible 24/7 – access via a staircase. Floors 1-8 can also be accessed via elevator.
- A Wi-fi connection is planned, realisation is expected for the second half of 2022.
- The corridor doors have been renewed and are soundproof (39d dB).
- The spaces will be freshly refurbished at the time of the handover. Some of the rehearsal spaces will be acoustically optimised by the end of 2021 through structural measures. We will be happy to inform you which rehearsal spaces are affected and how they will ultimately be acoustically equipped in the digital viewing on 23 september.

## Accessibility

Step-free access to the building is possible via a ramp.

Rehearsal spaces accessible via wheelchair are located on the 1<sup>st</sup> and 6<sup>th</sup> floor. Accessible restrooms are available on these floors. To apply for an accessible rehearsal space, please indicate so in the application.

## Applying as a group/Joint applications

Applications of up to three users/groups for one rehearsal space are possible. In this case, each user/group must provide the names of the other persons or groups accordingly in the application form. Groups, ensembles or bands that have existed together for at least one year must submit a joint application.

In both cases, however, only one joint rental contract can be issued. If more than one person applies for a rehearsal space, you must name one person as contact person.

Award procedure: The selection is made by an independent advisory board appointed for the music sector.
